### ASARCA Task book for the position of: AZ trailing/tracking K-9

#### Task Book Overview

Arizona Air Scent Certification will be set at the following using three Levels:

- TRAILING/TRACKING Level 1- Variable terrain 8-15 turns, aged 24-26 hours, 1-1.25 miles (scent discrimination)
- TRAILING/TRACKING Level II Wilderness terrain, 8-15 turns, 1-1.25 miles aged 10-12 hours (scent discrimination/road crossings/cross tracks)
- TRAILING/TRACKING Level III Wilderness terrain 4-12 turns 1-1.25 miles aged 4-12 hours (scent discrimination/road crossings/cross tracks)

National Certifying Associations will be used such as NASAR, IPWDA and AMPWDA. Their level numbering systems do not match so check accordingly.

Upon completion of this task book, the candidate will be awarded the AZ Tracking/Trailing K-9 status, signifying the training level of the K-9 Team.

Tasks within the Position Task Book (PTB) are numbered sequentially; however, the numbering does NOT indicate the order in which the tasks need to be performed or evaluated.

The bullets under each numbered task are examples or indicators of items or actions related to the task, or minimum requirements for the course to be qualifying to meet standards. The purpose of the bullets is to assist the evaluator in evaluating the candidate, or as a reference for the candidate to adhere to the suggested course standards. The bullets are not all-inclusive. Evaluate and initial ONLY the numbered tasks. DO NOT evaluate and initial each individual bullet.

#### INSTRUCTIONS FOR THE POSITION TASK BOOK EVALUATION RECORD

#### **Evaluation Record #**

Each evaluator/instructor (Coordinator or Designee) will need to generate an evaluation record for each event/incident/training where tasks are being signed off. (Addendum Page also used for continued training and assessment)) The evaluation records should be numbered sequentially. One or more tasks may be signed off by an evaluator/instructor for a given evaluation record and corresponding event/incident/training. ASARCA approved evaluators/instructors only shall complete the next open box on the evaluation record page and write the corresponding record #, date, and location and instructor information in the appropriate columns of the PTB. Only tasks completed in a satisfactory manner will be given an evaluation record and signed off. Those tasks not completed in a satisfactory manner will be referred to the agency coordinator for reevaluation. (Memo to the coordinator and no sign off until completed)

## **Final Evaluators Verification**

Upon satisfactory completion of all tasks in the PTB the candidate can submit it to their agency SAR coordinator. The SAR coordinator will then complete the Final Evaluator's Verification page and submit the PTB to the ASARCA Standards Committee.

	Task	Eval Record # / Certificate	Date Completed	Location & Instructor Info
Contin	nuing Education to be Completed:		<u> </u>	I
1.	Successfully complete the AZ SAR Tech II Task Book provided through the ASARCA with documentation			
2.	<ul> <li>Successfully complete and maintain National Certification through either of the following listed organizations. Certificate must be attached to Task book</li> <li>NASAR – National Association for Search and Rescue</li> <li>IPWDA –International Police Working Dog Association (SAR Standards)</li> <li>AMPWDA – American Police Working Dog Association (SAR Standards)</li> <li>GAK9-Georgia K9 NTC</li> </ul>			
4 addend	. Complete a course in canine first aid / carry additional equipment see lum page of suggested canine 1 <sup>st</sup> aid items			
Evalua	ation Courses To Demonstrate Skills			
3.	Minimum Required Mission Deployment:			
•	Respond to three missions requiring field work either as handler or support person  Missions can be cold case searches, training (mock) mission, or actual missions requiring deployment either as handler or support person

## **Suggested K-9 First Aid Items**

- Emergency Phone Numbers (vet, emergency vet clinic, poison control, etc.)
- Copies Of Medical Records
- Self Cling Bandage (sticks to itself but not fur)
- Gauze (sponges and roll)
- Tape
- Antibiotic Ointment
- Antiseptic Wipes
- Foil Emergency Blanket
- Cotton Balls
- Eye Lubricant (canine eyes become dry when they are unconscious so you may need to moisten them)
- Eye Wash (to clean dirt out of your dog's eyes)
- Hydrogen Peroxide (used to induce vomiting but only when authorized by your vet or poison control)
- Ice Pack
- Muzzle (so your dog doesn't lick/bite any wounds)
- Leash
- Disposable Gloves (non-latex)
- Petroleum Jelly (to lubricate the thermometer)
- Rectal Thermometer (your dog's temperature should be between 100°F and 103°F)
- Scissors (with blunt ends)
- Sterile Saline Solution
- Syringe (to flush any wounds with saline solution)
- Tweezers
- Rehydrate Electrolyte Tablet
